What They're Saying

MI.

"The apartment themselves are brand new with modern appliances, high quality wood, flooring etc. Floor plans are spacious with lots of storage space and walk in closets, even in studio units. Every maintenance request I've submitted during my time here was taken care of within 24-48hours. Plenty of guest parking which is super nice given you're right at the heart of downtown San Jose! The building is also pet friendly and is good with communicating about fire alarm testing via email well in advance, which was important for me as a cat owner."
